THE OFFICIAL HOMEPAGE OF  
**ERIC**  
SHANOWER

Hi! I'm Eric Shanower, the award-winning and *New York Times* bestselling cartoonist, author, and illustrator. My work has been widely published--from Marvel Comics to Random House, from Nickelodeon Magazine to BBC television.

My current comics project, *Age of Bronze*, tells the complete story of the Trojan War in all its dramatic detail. Every version from Homer's *Iliad* on down will be newly integrated in comics form when *Age of Bronze* is finished. It's also set in the correct period--the 13th century BCE.

*Age of Bronze* has been published by Image Comics since 1998, garnering two Eisner Awards, a Gran Guinigi, and a slew of nominations.

In addition to English, *Age of Bronze* is published in Spanish, French, Italian, Croatian, Indonesian, and more. To see sample pages and excerpts, go to the official [Age of Bronze website](#).
